## ABOUT ME

---

Experienced in Java and C++, I thrive on crafting efficient solutions through code. Continuously delving into web development, I eagerly explore diverse technologies to create dynamic digital experiences

## TECHNICAL SKILLS

---

- **Languages** - C, C++, Java, HTML, CSS, JavaScript, Python
- **Technologies** - React, ExpressJS, NodeJS, EJS, Git
- **DataOps / Development Suite** - MongoDB, MySQL, GitHub, Backlog, SDLC, AWS

## SOFT SKILLS

---

- Resilient Problem Solver
- Strategic systems thinker
- Good Communicator
- Respectful towards knowledge

## PROJECTS

---

### SS SNEAK SMART

- Developed a learning platform where students can complete courses, check stats and grow.
- Technologies used are MongoDB, ExpressJS, React, NodeJS, Bootstrap, React-libraries

### Hire Haven

- Created a full stack job portal where employees and employers can find each other for better jobs
- Technologies used are MongoDB, ExpressJS, React, NodeJS, Tailwind CSS, React-libraries

### UR CARE

- Developed a hospital management system for doctors, nurses, patients and admin
- Technologies used are Java, Applets in Java, MySQL for database

### CREDIO

- Created a certificate generator enabling bulk certification distributions via emails
- Technologies used are NodeJS, ExpressJS, EJS, MongoDB

## EDUCATION

---

### Bachelor's of Engineering in Computer Science

Chitkara University

Ongoing

Current CGPA - 9.26

### XII Standard

Saint Fateh Singh Convent School

2020 – 2021

Percentage - 85.8

### X Standard

R B D A V Sr. Sec. Public School

2018 – 2019

Percentage - 91.0

## IMPORTANT LINKS

---

### Geeks For Geeks

Solved 120+ DSA questions strengthening my problem solving skills

### LeetCode

Solved 340+ questions powering my Java, C++, JavaScript and SQL skills

### Coding Ninjas

Solved 130 + questions and improving my coding skills
